

## ***Curriculum Vitae***

Iraj Lotfinia

Date/Place or birth: 26/05/1963, Tabriz/Iran

1969-1974: Primary school (Dabestane yasemee) Tabriz/Iran

1974-1981: Secondary school ( Alizadee & ferdoosee school) Tabriz/Iran

1981-1988: Study of general medicine at Urmia University of medical science, Urmia/Iran

1988-1993: Study of residency of neurosurgery at Tabriz University of medical science, Tabriz /Iran

1993-1995: Assistant professors of neurosurgery, Zanzan University of medical science, Zanzan /Iran

1995-2005: Assistant professors of neurosurgery, Tabriz University of medical science, Tabriz /Iran

Since March 2006: Associate professors of neurosurgery, Tabriz University of medical science, Tabriz /Iran

## ***Research experience:***

Evaluation of gelfoam effect on epidural fibrosis in rabbit

Effect of instillation of methylprednisolone and bupivocaine on postoperative pain in discectomy patients

Routine clinical experience with spine traumatic and degenerative disease and brain trauma and tumor

Relationship between epidural fibrosis and osteoprotegerin in rabbit

Lumbar pedicle dimension measurement with CT- Scam in azarbsaygan province

***International clinical experiences:***

September 20, 2003- December 20, 2003: neurosurgery department of marmara University, Turkey

January 12, 2004- January 23 2004: Orthopedic department of Bern University, Switzerland

May 10, 2004- June 25, 2004: Orthopedic department of Innsbruck University, Austria

***Clinical publication:***
